To whom it may concern:

Re: Michigan Consumer Evaluation Team Recommendation

Easter Seals Michigan is currently in a successful contractual agreement with Michigan Consumer Evaluation Team (MCET), an independent, nonprofit organization that hires and trains people who receive services from the public mental health system.

MCET provides Easter Seals Michigan with post discharge survey services for both our Adult and Family Services programs. This post discharge information is a CARF requirement which MCET assists Easter Seals in fulfilling. These services are completed by MCET's qualified staff on a quarterly basis.

As the largest provider of mental health services in Oakland County, Easter Seals Michigan is grateful for the support MCET offers in enabling us to promote independence for people living with physical and developmental disabilities, mental illness and other special needs who turn to Easter Seals for life-changing solutions.

Please feel free to contact me at anytime for more information about Easter Seals Michigan and our ongoing business relationship with MCET.

Warm regards,
